4. On 7/29 @ 1041 received a complaint of disabled motor vehicle in the area of Route 136 and Reid Road. It was reported that a large Box truck was blocking the southbound lane of Route 136. Upon arrival, located vehicle blocking roadway. Vehicle had been northbound, made a left turn onto Spencer Road. Dropping off the edge of the pavement which caused the rear tailgate lift to come in contact with the roadway. Vehicle could not move in either direction. Wrecker service called, removed vehicle. Cleared without further incident.
5. On 7/29 @ 1442 responded to Route 136 (New Boston Road) for a motor vehicle collision involving two (2) vehicles. Upon arrival there was one (1) patient injured. Francetown Fire Department and EMS were requested at the scene. The investigation indicated that both vehicles were westbound on Route 136 at the time of the collision. The first

vehicle was a 2002 Toyota Camry operated by Omowayn Owoseni, age 36 of Manchester, NH. The second vehicle was a 2005 Hyundai Santa Fe, operated by Wilson F. Ebongya, age 36 also of Manchester NH. The investigation indicated that the operator of the Toyota had slowed down because of a distraction on the opposite side of the roadway when the operator of the Hyundai failed to slow and struck the rear of the forward vehicle. After initial impact the Hyundai then stuck stationary trees on the right side of the roadway and coming to final rest over the embankment. Both operators refused medical treatment. Accident scene was cleared and investigation continues into all causation factors involving the collision. Hyundai was towed from the scene.
